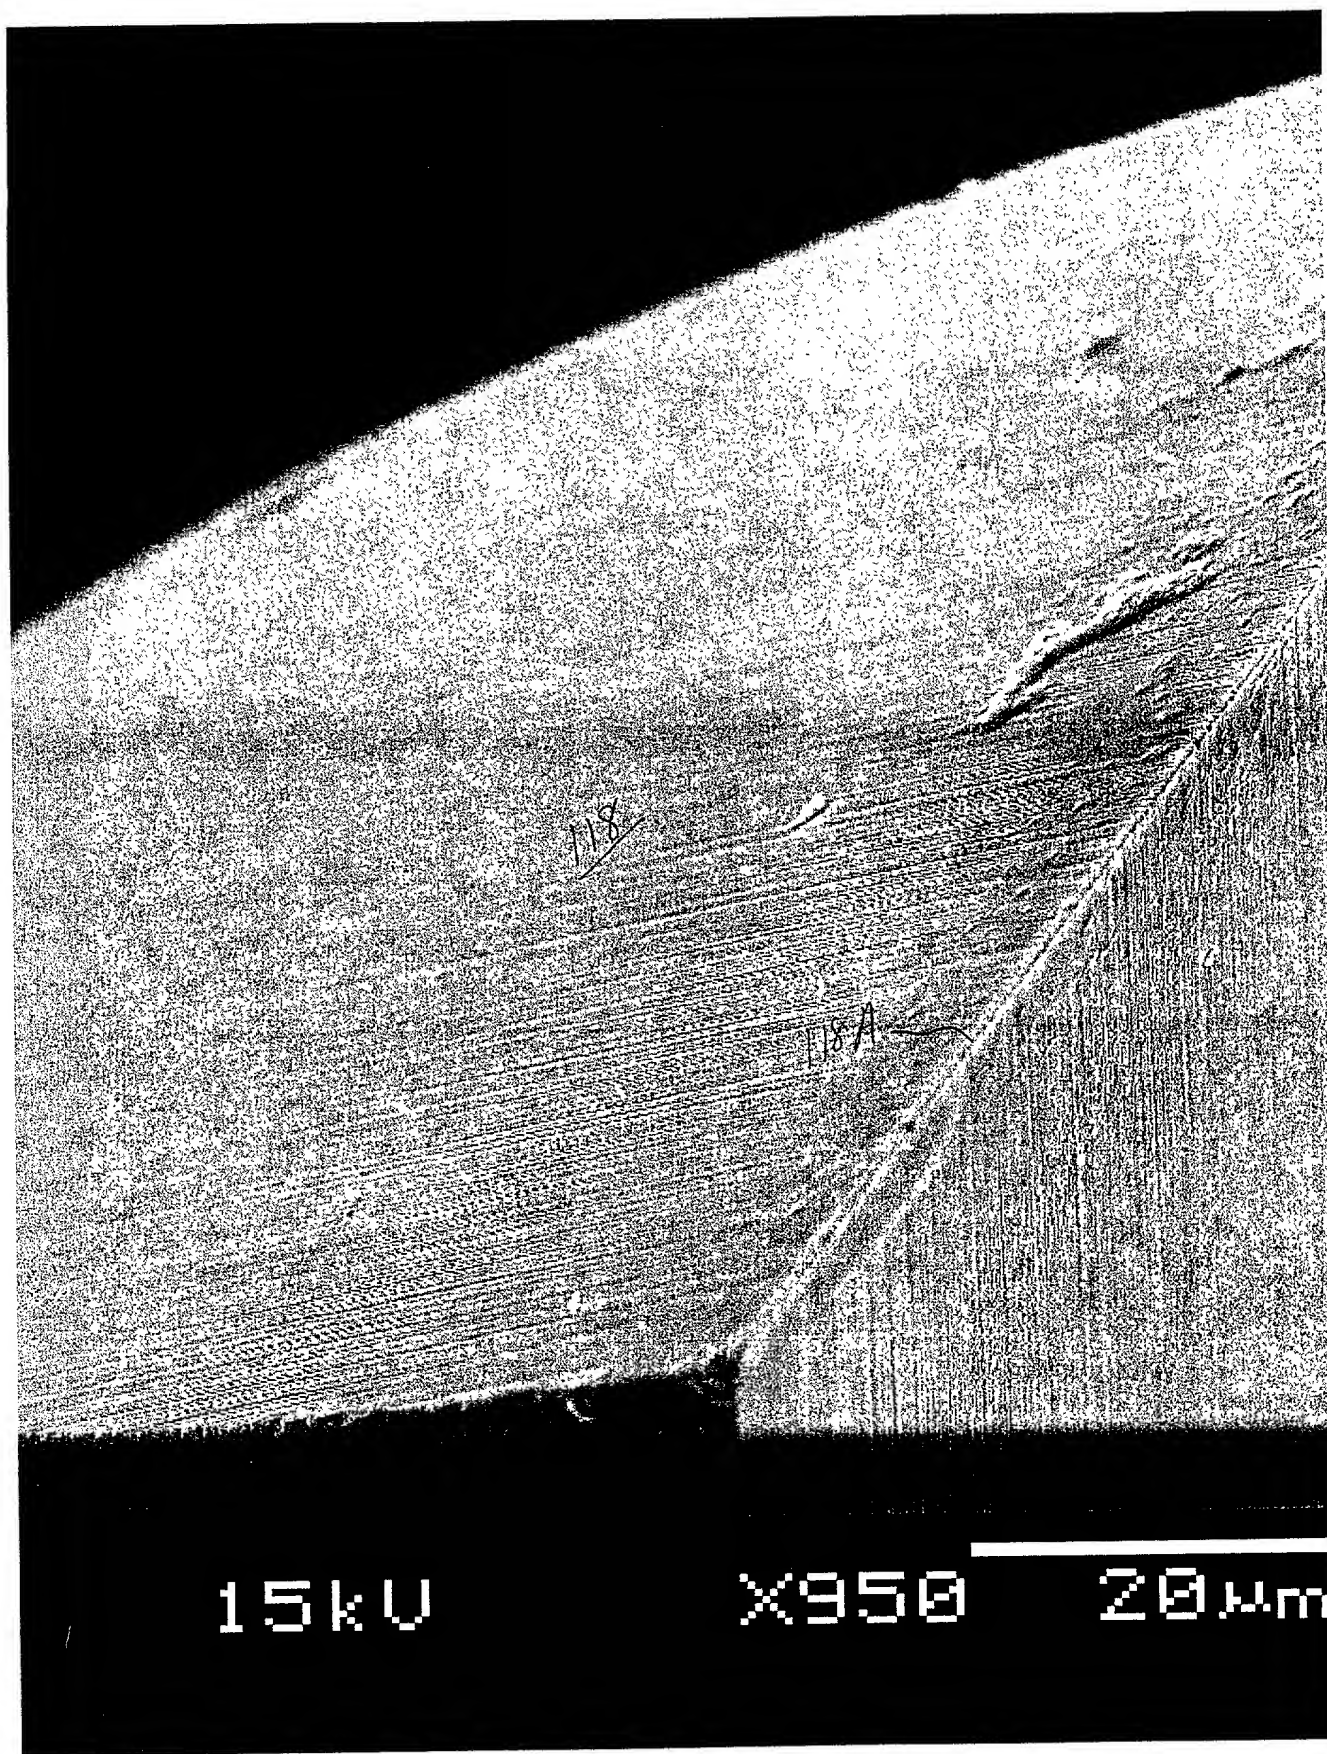

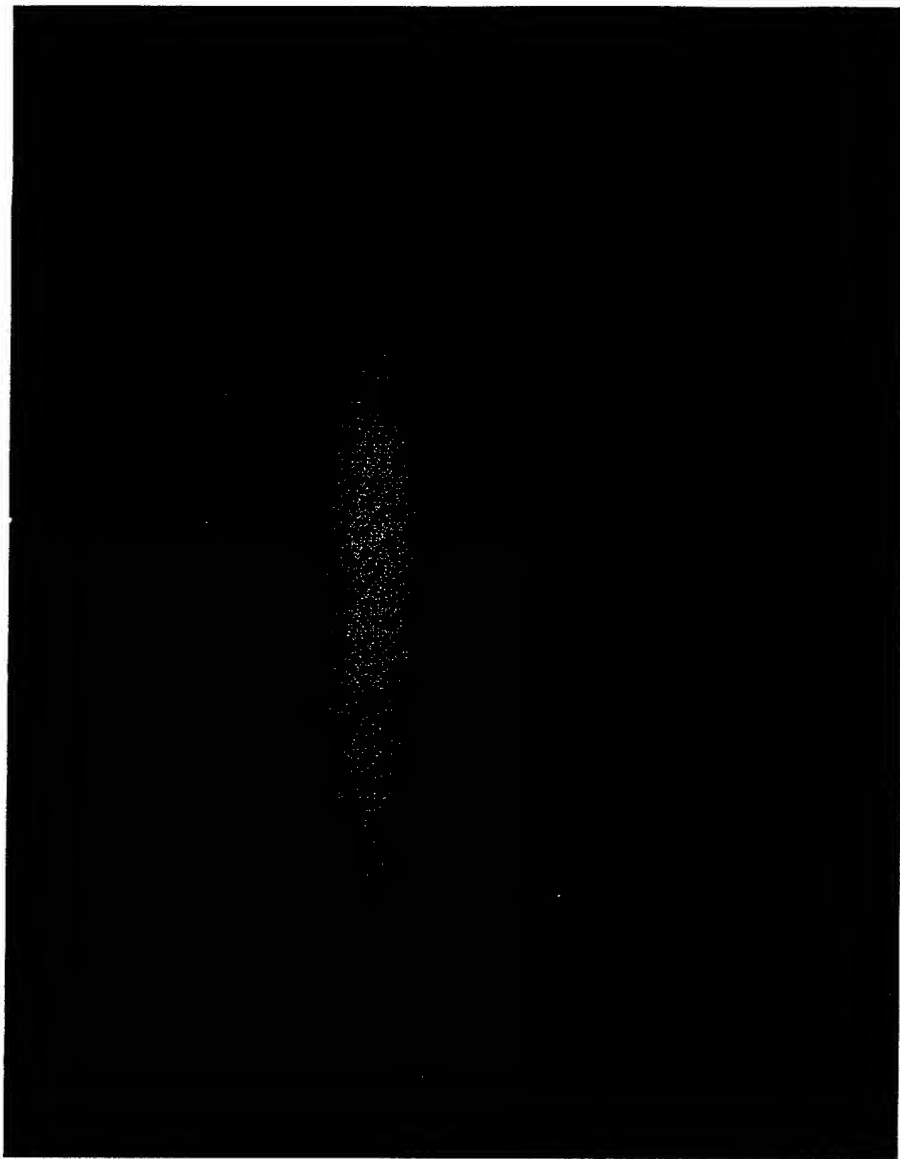

Fig. 2

Fig. 3

Fig. 4A

A vertical, textured, light-colored shape, possibly a stylized letter or a decorative element, centered against a dark background. The shape has a grainy, stippled appearance, giving it a three-dimensional or metallic look. It is positioned in the center of the frame, with a dark, almost black background surrounding it. The shape itself is light gray or off-white, with darker speckles and highlights that create a sense of depth and texture. It resembles a vertical bar or a column, but with a more organic, less uniform surface. The overall composition is minimalist and high-contrast.
